

Chore Charts for kiddos!

Magical Mama Blog

www.magicalmamablog.com

I have made a few charts for
different age groups:

3+ 6+ 9+ and 12+

Use whatever is appropriate for your
family!

If you have kiddos at different ages,
you can give them each a list to
follow. If you just have one little one,
you can print them all and change
them out as they grow.

May the odds be ever in our favor!

Good luck and happy cleaning!
